

## Announcement

6th november '17

### TO WHOM IT MAY CONCERN

Sub : Steel fibre reinforced concrete floors.  
Ref : Akzo Nobel – Powder Coating Factory.  
Akzo Nobel – Warehouse.  
Akzo Nobel – Training Centre.

Dear Sir,

With reference to the above mentioned project, we are pleased to inform that Fars Al Mazrooei Contracting has designed and laid “steel fibre reinforced” flat floors on our projects mentioned above during the different phases of construction from 2015 – 2017.

We are extremely satisfied with the floors in terms of durability, load considerations and flatness / finish and shall use them in our future projects and shall also recommend them to any potential client who wants ‘quality industrial floors’.

Jose Manuel Mallach
